English Translation

You were created
To receive the greatest love.
You experience this love in
Every portion of your life

From the beginning God has shown
His love to bless you.
As we greet and bless each other,
There is fruit of love
Because you are with us,
We experience tremendous joy.
Let us come before our God

With thanksgiving in our hearts.
You were created
To receive the greatest love
You now experience
His never ceasing love.
