English Translation

From the first until the last He lives
From the past and evermore again
At this time forever more He is
He Himself will never ever change

RAP

The Lord God is my shepherd
Your holy name is my guard
May I rest in green meadows
Lead me to the peaceful springs
Give to me your salvation
Guide me to the way of peace
Even when I walk through death
Nothing will I ever fear

From the first until the last He lives
From the past He is Almighty God
At this time Mighty Savior He is
He Himself will never ever change

From the first until the last He lives
From the past He himself
Is compassionate love
At this time He is the loving One
He Himself will never ever change
