English Translation

We as a family from different nations
In obedience to His Word
Join our hands together
To live in His Word

My beautiful homeland
With the beautiful Himalayas
With all kinds of tribes and tastes
This is like having heaven on earth

All the mountains covered with snow
Pour out blessings
To all nations
From God our Saviour

By his grace and love
We are delighted
To live in His Word

My beautiful homeland
With the beautiful Himalayas
He has changed my evil heart
