## English Translation

The beautiful stars in the sky  
Lie beneath the shining sun  
All the birds that are fly high  
And rain that falls from above

All are your beautiful creations  
That fill us with your joy  
All are your beautiful creations  
That fill us with your joy.

All beautiful souls on the earth  
All the seas and mountains in it  
All the flowers that are blooming  
All the creatures you created are graceful
